The Accommodation Tax

1. The Accommodation Tax (AT) is a six percent (6%) levy on the purchase price of accommodation, provided for a continuous period of less than 30 nights. The AT is collected at the time of purchase/payment of the accommodation and is not applied to the cost of meals and other services that are distinct from the accommodation purchased.
2. The AT is collected on all accommodation provided for consideration in a hotel, motel, inn, short term rental, housekeeping unit, lodging house, boarding house, rooming house, bed and breakfast establishment, resort, hostel, dormitory or any place in which accommodation is provided in Winnipeg.
3. The AT is applicable to the purchase price of the accommodation, including the use of amenities 'built into' the price such as the use of a pool, water slide, or provision of a continental breakfast. The AT is also applicable to the price of other charges connected with the actual occupancy of the room whether or not they are separately stated. Such charges include the rental cost for additional items such as beds, cots, cribs and linens.
4. The AT applies to deposits made to secure accommodation, even if the accommodation is later cancelled and the deposit forfeited. However, if an operator returns the deposit to the purchaser, no AT is payable. The process for an operator to obtain a refund of the AT already submitted is discussed in the "Refund" section of this Information Circular.
5. The AT applies even if non-monetary consideration is made for the accommodation. For example, payment for the accommodation could take the form of 'in-kind' goods or services, or a reduction in the costs of goods or services. In these sorts of situations, the AT is to be collected on the purchase price that would have been paid for that accommodation, or similar accommodation, had it been made available to another person by the operator on the day(s) the accommodation was occupied in exchange for non-monetary consideration.
6. If the operator provides a room(s) as part of a block of room rentals to a person (such as a bonus room for a tour operation), the AT does not apply to the bonus room(s).

The "Continuous Stay" Rule

7. The AT is not applied where the same person occupies, or has the right to occupy, the accommodation continuously for a period of 30 nights or more. However, as soon as there is a break in the right to use, possess or occupy a room in the establishment, the person must once again qualify for the exemption. For example:

- A person intends to rent a room for a continuous period of 90 nights but vacates the premises after the 70th night. The person returns to the establishment on the 75th night and rents the same room for another 15 nights. Only the first 70 night continuous rental period is exempt from the AT and the subsequent 15 night continuous rental period is subject to the AT.
- A person rents a room for a continuous period of 60 nights, ceases rental and subsequently returns and rents a room in the same establishment for another continuous period of 31 nights. There is no AT payable for either rental period as each rental period meets the “30 nights or more” rule for exemption of the tax.

(NOTE: *The moving of a person from one room to another within the same establishment and with no break in the occupancy has no effect on the determination of the number of nights of continuous rental.*)

Exemptions

8. The AT does not apply to the following situations:
 - a. **Accommodations occupied by the same person continuously for a period of 30 nights or more.** For more information see the “**Continuous Stay**” Rule.
 - b. **Accommodations where the purchase price is \$30 or less per night, or \$210 or less per week, unless the accommodation is listed on a short-term rental accommodation platform.** However, the purchase price being assessed for this exemption includes charges that are part of the bedroom rental costs, such as the cost of additional beds or cots. Charges for the Goods and Services Tax (GST) or the Provincial Retail Sales Tax (PST) are not subject to the AT.
 - c. **Accommodation provided to patients or residents in a hospital, a sanatorium, a facility designated by regulations under *The Mental Health Act*, a personal care home licensed under *The Health Services Insurance Act* or a residential care facility licensed under *The Social Services Administration Act*.**
 - d. **Accommodation provided to a student by an educational institution while the student is registered at and attending the institution.**
 - e. **Accommodation supplied by employers to their employees in premises operated by or on behalf of the employer.** For example:
 - If an operator provides a room to an employee (such as a motel manager/caretaker) and no consideration is given to the operator, the AT does not apply.

- f. **A time-share arrangement** where the lodging is purchased pursuant to a written agreement (typically known as a time-share agreement) that:
- has a term of at least two consecutive years;
 - fixes the location and time of occupancy;
 - fixes the total price and terms and conditions for the payment of the total price for the accommodation; and
 - provides for a cumulative number of nights of occupancy over the course of the agreement that is 30 nights or more.
- g. **Tent or trailer sites supplied by a campground, tourist camp or trailer park.**
- h. **A hospitality room in an establishment that: does not contain a bed and is not in a suite that contains a bed, and is used for displaying merchandise, holding meetings or entertaining.** However, the AT is chargeable on the rental of meeting, hospitality or banquet rooms if there is an unlocked connected room with sleeping facilities.
- i. **That portion of the purchase price of an all-inclusive vacation package that is reasonably attributable to elements of the all-inclusive vacation package other than the use of a bedroom, suite of rooms, or the use of a bed within a bedroom, and food, drink, entertainment etc that cannot be reasonably distinguished from the use of a bed or bedroom.** In other words, the AT is to be collected on that portion of the total purchase price of the all-inclusive vacation package that is reasonably attributable to the cost of the accommodation only. In determining this cost, reference will be made to the purchase price of similar accommodation in the establishment that is made available to another person by the operator on the day(s) of occupancy within the all-inclusive vacation package.
- j. Accommodation that is purchase by the Non-Insured Health Benefits Program of Health Canada, First Nations and Inuit Health and provided exclusively for individuals or their family members wo do not reside in Winnipeg and who are in Winnipeg to receive medical treatment or medical advice.

Accommodation Arranged for Medical Treatment

9. A refund of taxes paid is available where accommodation is purchased by a person, or their family members, at times when the person is in Winnipeg to receive medical treatment or to undergo testing at a hospital or Provincially-approved medical facility, or to seek medical advice or treatment from a medical specialist. To obtain a refund, an application form must be completed and submitted to the City of Winnipeg for consideration. For more detailed information, please refer to the “**Refunds**” section of this Information Circular.

Accommodation Arranged by Companies

10. Some large companies, such as airlines, railroads and consulting firms, arrange for short-term accommodation for their employees or others travelling to or through Winnipeg. The company, not the person occupying the room, is the purchaser of the accommodation and therefore, the company may qualify for an exemption from the AT. There are two ways this sort of accommodation may be exempted from the AT through the “continuous stay” rule:
- A lodging establishment may set aside specific rooms for the use of the company for continuous periods. The rooms are available for the company’s use, and the company pays for this period, whether or not the rooms are actually occupied. The AT does not apply to the charges made to the company for these rooms, provided each period is for more than 30 nights and the company pays for this period.
 - A lodging establishment may agree to make available a certain number of rooms for the use of the company. Specific rooms are not set aside for that purpose, but are randomly assigned from the rooms available in the establishment when the individual arrives. If any room (it does not have to be the same room) is occupied by the company for a continuous period of more than 30 nights, the AT is not applied. However, if there are no rooms rented for a continuous period of more than 30 nights, then the AT applies to the rooms rented for the period of 30 nights or less.

Refunds

11. By completing and submitting an Accommodation Tax Refund form, the AT collected may be refunded to either the operator or purchaser based on the following circumstances:
- a. **Refund to an Operator** – an amount collected as if it were the AT (when the AT did not in fact apply) will be refunded to an operator if, within one year of the collection and remittance of the amount, the operator provides proof that:
- the amount was collected notwithstanding that it was not payable as an AT;
 - the amount was remitted to the tax collector; and
 - the amount has been refunded by the operator to the purchaser.
- In accounting for this refund, the operator may reduce the payable amount to the City in the next reporting period.
- b. **Refund to a Purchaser** - A refund will be provided to a purchaser of an amount that was paid, as if it were the AT, if the purchaser applies for the refund within one year of the payment of the tax, and provides evidence that:

- **The tax was collected in error** - the accommodation tax was paid notwithstanding that it was not payable and the operator refused to refund the amount to the purchaser, so long as the amount was remitted by the operator to the tax collector and has not been refunded to the operator by the tax collector; or
- **The tax was paid for a person receiving medical treatment** – the accommodation tax paid in respect of accommodation purchased by, or on behalf of, an individual or one or more of the individual’s family members during such time as the individual is in Winnipeg to receive medical treatment or to undergo testing at a hospital or Provincially-approved medical facility or to seek medical advice or treatment from a medical specialist if:
 - the individual and, where applicable, the individual’s family member or members do not reside in Winnipeg and have purchased temporary accommodation in Winnipeg while the individual is receiving medical treatment at a hospital, undergoing testing at a hospital, or seeking specialist medical advice or treatment; and
 - the tax collector receives a letter from the hospital, medical facility or a physician licenced to practise medicine in the Province of Manitoba stating that the individual and the individual’s family member or members do not reside in Winnipeg and the individual was required to be in Winnipeg to receive medical treatment at a hospital, undergo testing at a hospital, or seek specialist medical advice or treatment on or between specific dates. An Accommodation Tax Refund form is available for completion by the medical facility or physician (see the “**Sample Forms**” section of this Information Circular).

Tax Collection and Reporting Requirements

12. An operator of a lodging establishment located within the city of Winnipeg is required to charge the 6% Accommodation Tax on all sales of accommodation that are subject to the tax under the Accommodation Tax By-law No. 70/2008. For further information on what elements are considered, or not considered, as part of the purchase price, please see the “**Accommodation Tax**” section of this Information Circular.
13. The purchase price on which the Accommodation Tax (AT) applies does not include the Federal Goods and Services Tax (GST) or the Provincial Retail Sales Tax (PST). The Province of Manitoba has exempted the AT from the Retail Sales Tax, however, GST applies to the AT.
14. The AT payable must be indicated separately from the charge for the accommodation on the invoice to the purchaser. For examples, please see

“**Calculation of the Accommodation Tax Examples**” section of this Information Circular.

15. An operator (excluding short term rental operators) must remit to the tax collector at the end of every month for each establishment the operator operates:
 - the amount of the AT that was collected by the operator during that month;
 - the amount of the AT that should have been collected by the operator during that month; and
 - the amount that was collected in error by the operator during that month and that has not been refunded to the purchaser.

16. An operator (excluding short term rental operators) must, on the Accommodation Tax Return form provided by the tax collector, submit to the tax collector at the end of every month the tax return for each establishment the operator operates. The form is available at the following website: www.winnipeg.ca/tax. Unless otherwise permitted by the tax collector, the obligation to provide a monthly tax return applies even when no taxes have been collected.

17. The requirement to remit taxes and the monthly tax return must be met no later than the 20th day of the month following the month in which the taxes were payable and for which the monthly tax return is applicable.

18. Short Term Rental operators must remit the amount of the accommodation tax that was collected by the operator during that quarter to the tax collector at the end of every quarter for each establishment the operator operates. The method of reporting and collection is being managed by the Community Services Department.

19. Every person who fails to comply with the provisions of the By-law is guilty of an offence and, in addition to being liable for payment of interest penalties, is liable on summary conviction to a fine.

20. The tax collector has the authority to audit the books, records and accounts of the operator for the purpose of ascertaining the amount of tax to be collected and remitted and can require the operator to produce for inspection any book, contract, agreement, letter, paper or document relating to the establishment, the accommodation provided or any other matter relating to this By-law.
